PRICE FIVE CENTS

THIS SHAME OF IWILEI SHOULD CEASE AT ONCE

Both Reports From the Senate Special Committee Give the Fidelity Insurance Company Public Notice of How Its Property is Being Used.

The Special Iwilei Committee yesterday handed in two long reports to the Senate, which were ordered spread upon the minutes. What the next step will be remains to be seen. The minority of the committee, consisting of Chairman McCandless and Senator Lane, scores High Sheriff Henry, President Pinkham of the Board of Health, and Dr. Cooper, and recommends the closing of the stockade and the Fidelity Insurance joint. Likewise, it recommends that the government go out of the Iwilei business.

What the Senate will do, or what course of action it will recommend, remains to be seen. The majority of the committee refuses to go into that feature of the matter at all, and declines to censure anyone for what has been done at Iwilei.

The McCandless report follows:

THE MINORITY REPORT.

Honolulu, T. H., April 3, 1905.
Honorable D. P. R. Isenberg, President of the Senate.

Sir: Your special committee, to which was referred Senate Resolution No. 46, providing for the appointment of a special committee of five to investigate under what rules and regulations the prostitutes at Iwilei are controlled, investigated, etc., beg leave to report: Your committee have had numerous meetings and have examined many witnesses and taken considerable testimony, which testimony we beg to submit herewith as a part of this report.

(1) What rules and regulations have been made or are used in the examination and control of the prostitutes at present at Iwilei, Honolulu?

Your committee find that rules and regulations have been laid down by the Police Department, whereby all prostitutes in Iwilei are compelled to be examined once a week, and have certificates issued to them by a doctor to be able to ply their trade in Iwilei, and if they do not secure these certificates the police arrest them.

Your committee find a policeman, in the employ of the Police Department, who has an office in the same cottage with Dr. Cooper, and seems to be in full charge and control of all the women in Iwilei. The president of the Board of Health stated before the committee that it had no one to represent it in Iwilei outside of a sanitary inspector, whose name is Manuel Silva.

PINKHAM'S RECKLESS STATEMENTS.

We find that the police officer, Paul Smith, is wearing a Board of Health badge, and stated that he represented the Board of Health as its agent or inspector, and this has also been corroborated by Dr. Cooper. Mr. Pinkham, president of the Board of Health, stated that he had nothing to do with any appointment or any of the workings as far as the physicians in Iwilei were concerned. But the evidence of Dr. Hoffman in applying by telephone for blank certificates shows that he (Dr. Hoffman) was informed by someone representing the Board of Health from the Board of Health office that the Iwilei matter was all in the hands of Dr. Cooper, and that he was the one to see; and further find that Paul Smith, as agent of the Board of Health and police officer, receives \$70 per month from the Police Department and \$30 per month from Dr. Cooper, and as the agent of the Board of Health serves without pay, as far as your committee can ascertain, but is nevertheless clothed with all the powers of the Board of Health.

From the evidence it would appear that the president of the Board of Health is reckless in his statements, does not know when he makes an appointment or know about any particular rules as to the appointment of physicians under the Board of Health, or he may have a convenient memory.

(2) By who or whom are such examinations made?

Your committee find that the examinations made in Iwilei are made by one physician only, Dr. C. B. Cooper.

(3) What charges are made for such examinations? And what is the amount collected per day, week, month or year? And what disposition is made of the money so collected?

THE AMOUNT COLLECTED.

Your committee find that Dr. Cooper charges \$1.00 per week for each woman examined, and also find that there are at the present time about, stated by Dr. Cooper to be 128, and stated by Paul Smith to be 129, women at present

examined each week. But your committee find that in some cases only three examinations are made per month. If four examinations are made, say on the basis of 128 women per week, we find that Dr. Cooper collects about \$512 per month. But if only three examinations are made, we find that he collects about \$384 per month, or an average about \$450 per month. This revenue so collected by your committee finds goes to Dr. Cooper for his own personal use and benefit. Although in the early part of such examinations Dr. Cooper acted as a sanitary police commissioner, appointed as such by the High Sheriff, we fail to find where any moneys collected by him, as such, have ever been turned into the government as a government realization.

(4) Are such prostitutes obliged to live in any one particular portion of Iwilei? If not, have not such prostitutes been ordered in the near future to live in one particular portion of Iwilei? And if so, by whom ordered and who are the owner or owners of such particular portion of Iwilei?

Your committee find that the High Sheriff of the Territory, through his agents, has ordered all of such women that are found in different parts of the city, and also in some portions of Iwilei, to move to one particular part, as follows: on the makai side of the Iwilei rice mill, and on the Ewa side of the Iwilei road.

RULES WITHOUT LAW.

From further investigations we find that the rules and regulations as laid down by the High Sheriff requiring these unfortunate women to live in the one particular portion of Iwilei, heretofore referred to, is, in the judgment of your committee, unwarranted for the following reasons:

In the section so set apart, rooms rent at from six to eight dollars per month, while across the road on the Waikiki side of Iwilei road, rooms rent for two and a half dollars per month, and a little further up the road, rooms can be had at from one and a half dollars per month, the owners of which are not able to rent the same even at that price.

Your committee sees no reason why the High Sheriff should so discriminate in favor of one person in Iwilei to the disadvantage of another, and more so on account of the fact that the portion so laid out has not been used so extensively for the immoral purpose of these women as the premises on the Waikiki side of the Iwilei road, and also a little farther up the road which he wishes to close up.

FIDELITY INSURANCE JOINT.

The whole of Iwilei makai of the Oahu Prison has been used for the purposes of prostitution for some time past, and your committee cannot see, except for personal reasons, why the High Sheriff, or any one else, should try to force any of these people into any one particular portion and especially in a portion where the High Sheriff, from the evidence produced, is personally interested, owning quite a piece of property in this small corner, set apart by him, upon which is located the offices of Dr. Cooper, as well as being interested in the Fidelity Insurance Company, as a director. This company owns three large buildings, containing, according to the testimony of Ogata, about forty-eight rooms, which brought, prior to the order of the present High Sheriff, less than one dollar per room per month.

In regard to who the examinations are made by, your committee feels that the examinations as at present carried on by Dr. Cooper should be stopped for the following reasons:

According to the statement of Dr. Hoffman, it takes from fifteen to thirty minutes to make one proper examination. Dr. Judd states that it would take twenty minutes or more to make one proper examination. Say it took the least time mentioned, namely, fifteen minutes, it would take to examine forty-five women, which Dr. Cooper states he examines in from two to two and one-half hours, eleven hours and fifteen minutes.

WILL OPEN NEW LAND

Big Tract on Hawaii Will Soon be Ready.

Yesterday Land Commissioner Pratt received the surveyor's charts for the District of Honoumuli, shortly to be opened for settlement, and the charts will be sent to Hilo by the next Kinohi to have the lands appraised preparatory to being thrown upon the market.

"These lands of Honoumuli are agricultural in character, and very rich," said Commissioner Pratt yesterday. "There are, all told, a little more than 675 acres, divided into twenty-nine lots, ranging from seven and sixty-four hundredths acres, which is the smallest, to thirty-five and two-tenths acres, the size of the largest lot. The average size is about twenty-three and one-quarter acres.

"There is plenty of water, and about two hundred acres of the land has been in cane—is, in fact, in cane now. And the whole tract adjoins cane lands. It lies about two miles back from the coast, upon the slope running up behind Honoumuli plantation, and is about ten miles from the town of Hilo, in the District of North Hilo. It is all below the 1750-foot level, running to the forest reserve line. Some of the lots have forest trees upon them, and will have to be cleared, but the character of the soil is all the same, and very rich. Probably it will all be in cane after it is sold.

"The land must be appraised before it can be offered for sale, and after that, of course, it will be advertised—that is, after the appraisement. The first choice of the lands will go to the Oliver, or Portuguese Settlement Association, that body having been the first to apply for the opening of the lands. This first choice is allowed under the land law of 1895."

MEETING OF THE BASEBALL MEN

A meeting of the Baseball League was held at the Young Hotel last evening, all five teams being represented. Those present were President D. P. R. Isenberg, Secretary Lorin Andrews, Gleason and Williams of the H. A. C., Richardson of the Elks, Monsarrat and Woods of the Punahou, Joe Cohen of the Males and Lemon of the Kams.

A committee consisting of the captains of each team was appointed to draft a schedule. This committee will meet at Woods & Sheldon's on Monday next at 12:30 p. m.

The matter of Sunday ball was brought up and was referred to the committee on schedule.

The drawings for practice nights resulted as follows: Monday, Males; Tuesday, Elks; Wednesday, H. A. C.; Thursday, Punahou; Friday, Kams.

NO HALT IN THE CRUSADE

Interest in the Revival Meetings Still Grows.

Though there was no large mass meeting yesterday, the revival enthusiasm was not one whit abated and all the meetings were well attended. The first service was that for women only, which was held in Central Union Church at 10 o'clock in the morning.

It was the intention of the leaders to hold the meeting in the church parlors, but so large was the attendance that an adjournment was taken to the big Sunday-school auditorium. Even this large hall was packed to the doors. The meeting was led by Mrs. J. M. Whitney. Many took part without regard to race or creed. A distinct spiritual uplift was reported by all who attended.

At five minutes past twelve the men's meeting began in the vacant store room in the Alexander Young Hotel. Rev. Dr. W. M. Kincaid led in the service. There was a large attendance, especially of business men. In the evening there were neighborhood prayer meetings. One was held in the Punahou district at the home of Dr. J. M. Whitney on Punahou street, another in the downtown district at the home of Mrs. F. W. Damon in Chaplain lane, while a third was held in the Nuuanu Valley district. This was at the home of P. C. Jones. In spite of the threatening weather, these services were all well attended and were an inspiration to those who went.

Great interest is felt in the invitation that has been sent to Rev. Dr. Chapman, the eminent evangelist, to come here and hold meetings. Dr. Chapman has been holding services in Los Angeles and other Southern California cities with great success. It is hoped that he will be able to come and give the local revival the help of his splendid leadership.

MEETINGS SCHEDULED.

This noon the men's meeting will be led by Rev. John W. Wadman of the First Methodist Church. It will begin promptly at 12:05 and close with equal promptness at 12:30. The place is at 1071 Bishop street, Alexander Young building. Every man is invited.

Tonight there will be a family prayer meeting at the First Methodist Church, corner Beretania avenue and Miller street, beginning at 7:30. It is especially desired that all the members of each family be present. Everyone, irrespective of race or creed, is invited to all the meetings of the series and is asked to speak or pray in his own language, if desired.

LIGHT ON THE FIDELITY COMPANY'S INVESTMENT.

"This Company (the Fidelity Insurance Company) owns three large buildings, containing, according to the testimony of Ogata, about forty-eight rooms, which brought, prior to the order of the present High Sheriff, less than one dollar per room per month."—Extract from the McCandless-Lane Iwilei report.

"One of these (the buildings occupied by the women at Iwilei) is shielded from view from the public streets by a building and a board fence. The other, the premises of the Fidelity Insurance Company, is so open to the public street that the conduct and procedure of the inmates can be seen a hundred feet away. The thirty odd inmates of the premises are to all intents and purposes plying their trade in the public streets; and, until this committee began its investigations, they were doing so in the constant presence and with the full approval of a regularly salaried police officer."—Extract from the appendix to the McCandless-Lane Iwilei report.
